

YEAR END PACKET

2022-2023

YEAR-END CHECKLIST

- Verify W-2 information for all employees (i.e. social security numbers, correct name spelling, address).
 - Review the W-2 Social Security Number/ 1099 Report included at the end of this notice. Make updates online prior to year-end or submit changes to Future Systems as soon as possible
- Verify all Federal and State identification numbers and notify Future Systems of any frequency and/or rate changes.
- Verify all manual and voided checks have been entered into the payroll system.
- Review and submit any applicable fringe benefits (i.e. housing, auto, group term life insurance, Sub-S, 3rd party sick, etc).
- Audit Third-Party Sick Payments made to your employees during the 2022 year.
- Run Bonus payrolls as early as possible and add the processing to your payroll schedule.
- Make any SS-R deferral repayments by 12/31/2022, if applicable.
- Submit 1099 information to Future Systems by 1/18/2023, if applicable.

DEADLINE TO SUBMIT CHANGES

Circumstances may require that some employee, and payroll, information be adjusted after your last scheduled payroll in December (see fringe benefit reminder for examples). If you know you will be submitting information and/or processing any payrolls that will affect W-2s after your last payroll run in December, please mark the appropriate box on the attached **YEAR END HOLD FORM** and submit it back to us by **Friday, December 20, 2022**.

If a **YEAR END HOLD FORM** is not submitted to us by **December 20, 2022**, Future Systems will be closing out your payroll for 2022 following your last scheduled check date in December.

Due to the accelerated IRS and State filing requirements for Quarterly Returns and W-2s, any corrections or adjustments requested after **January 3, 2023** will require amended filings and will not be processed until the original forms have been processed and filed. Future Systems will not begin processing amended filings until February 2, 2023. Please note: Additional fees will apply.

WIRE REQUIREMENT REMINDER

IRS regulations dictate that if your accumulated Federal tax liability reaches \$100,000 or more at any given time during a calendar month, your deposit is due by the next business day (*many states have lesser thresholds*). In order for Future Systems to make timely payment of your tax deposits, you may be asked to wire the total tax liability to Future Systems, one (1) day before your check date, by 10 AM CST,

Future Systems will not be responsible for late tax payments if funds are not received by 10AM CST the day before check date. Please keep in mind that tax payments cannot be made until funds are received.

Penalties and late fees will be the client's responsibility in addition to Future Systems processing fee.

DIRECT DEPOSIT WIRE REQUIREMENTS

If Direct Deposits reach \$100K to a single employee or Total Direct Deposits reach \$500K, wire funding for the payroll will be required.

This wire must occur, at the very latest, one (1) day before your check date by 10 AM CST to ensure the employees receive their funds by check date.

Future Systems is not responsible for unavailable Direct Deposit funds to the employees' accounts on check date due to the following reasons:

- Insufficient funds in the client's account
- Not meeting the bank's cutoff time for wiring funds
- Not meeting the deadline of 10 AM CST, one (1) day before check date.

WIRE TRANSFER FUNDING REQUIREMENTS SNAPSHOT

Wire transfers are required to fund the following types of transactions:

- ✓ Direct deposit to a single employee of \$100K or more
- ✓ Company direct deposit of \$500K or more

Please Note: Direct deposits will not be processed until the wire is received and same-day direct deposit transactions cannot be processed.

FRINGE BENEFITS & NON-CASH W-2 REPORTING

IMPORTANT: Be sure to obtain and report third-party sick pay, fringe benefits, and non-cash W-2 reporting information as soon as possible. These entries must be processed on or before your last 2022 payroll to ensure that your 941 and W-2 forms are accurate. Additional charges will be applied for late receipt of this information. If you cannot supply your information to Future Systems before your last payroll of 2022, please submit a hold form to us by December 20, 2022.

Third-Party Sick Pay

Federal legislation requires the reporting of sick payments made to employees from a third party, as well as any taxes withheld on those payments. These payments must be included on the employees' W-2 forms.

Health Insurance for S-Corporation 2% Shareholders

A "2% shareholder" is an S-Corporation shareholder who owns, directly or indirectly, more than 2% of the stock of the corporation on any day during the tax year.

The following family members of a shareholder are treated as owning a shareholders stock for this purpose:

- Spouse
- Children
- Grandchildren
- Parents

The total cost of health insurance premiums paid by the S-Corporation for a 2% shareholder is included in the shareholder's W-2 as Box 1 and Box 16 taxable income. The amount is subject to Federal and State income tax withholding. It is not subject to FICA and FUTA taxes.

Fringe Benefits

Please review your fringe benefit requirements with your accountant or tax advisor. A detailed guide to all the rules applicable to fringe benefits is contained in IRS Publication 15-B.

Additional Non-Cash W-2 Reporting

Employer- Sponsored Health Coverage: Any employer (250+ W-2s) is required to report the aggregate cost of applicable employer-sponsored health coverage on the W-2, Box 12 with a code of DD.

Pensions: The retirement plan box will be automatically checked if you have any plans funded via payroll deduction, such as 401k, 403b, Simple IRA, SEP, etc.

HOLIDAY SCHEDULE

Please review the holiday and closure dates below and adjust your processing schedule accordingly. Payrolls must be processed by 2 PM CST two business days prior to check date to ensure that employees and tax deposits are received on a timely basis.

Tuesday, December 27	Thursday, December 22
Wednesday, December 28	Friday, December 23
Monday, January 1st	Call Future Systems for further action.
Tuesday, January 3, 2023	Thursday, December 29
Wednesday, January 4, 2023	Friday, December 30

FORM DISTRIBUTION DATES

January 31, 2023 is the deadline to distribute:

- ✓ W-2s to your employees
- ✓ 1099s to your contractors

WHERE ARE MY W-2s?

Our team will be working hard to prepare and ship your W-2s by 1/25/2023. Please note that our team will only be able to track the status of W-2 packages after 1/25/2023.

Because we are printing, packaging, and shipping around the clock, we cannot make exceptions to accommodate expedited shipping requests.

Thank you for allowing us to serve you for another year. We wish you continued success in 2023!
